ALL ROAD WORK CANCELLED IN WETASKIWIN CONSTITUENCY

U.F.A. Government Sends out Instructions to Stop all Work at Once. About \$3,000.00 Appropriations Involved, and the Work is Badly Needed. U.F.A. Locals and Businessmen's Association Urged to Take Action and Have Order Rescinded.

Great surprise and indignation, was caused through the city and district a few days ago, when it became known that the U.F.A. government at Edmonton had summarily cancelled all road and bridge work in the Wetaskiwin constituency. No understanding in the neighborhood of \$3,000.00 for road work alone is involved in this cancellation.

For the past several years the government road crew has operated until freeze-up, and in some parts of the constituency, both east and west of the city, it has been found very convenient to work out government money after having and harvest, than earlier in the season.

The above amount was actually authorized by the Department of Public Works under the Stewart administration, and instructions were in the hands of the different contractors to begin the work done. Wetaskiwin has had no more than its share of government road expenditure during 1921 than it was entitled to, and in every place where the money was to have been spent it was badly needed. The cancelling of this money for Wetaskiwin by the Farmers' government under these circumstances surely has been done without fair consideration to this constituency, and it is to be sincerely hoped that the powers that be will reconsider their decision and rescind their order, otherwise a great injustice will be done this district, as this appropriation will be, indirectly, lost to Wetaskiwin, as all authorization for the expenditure of government money expires automatically on December 31st each year.

Never before, since the province was inaugurated, has the Wetaskiwin district been subjected to such treatment and it is up to the U.F.A. and the Wetaskiwin Businessmen's Association to take immediate action and see that this city and district is not imposed upon in this manner.

"Equal Rights" is all Wetaskiwin wants, and this is a splendid opportunity for the U.F.A. locals of this constituency to put one of their planks into effect. "Do not be ruled by your representatives, but rule through them." Let no time be lost in taking action, as the time for road work will soon be over for this year.

U. F. A. MEETING

The Greenhill local of the U.F.A. will hold its next monthly meeting in the Haulta school on Wednesday evening, September 7, at eight o'clock. A regular meeting of the Angus Ridge U.F.A. and U.F.P.W.A., will be held in the Angus Ridge school on Friday evening, September 2, at eight o'clock.

BORN

OLSON.—At Palm, on the 27th of August, to Mr. and Mrs. Louis Olson son.

SANDEN.—Near Wetaskiwin on 27th August, to Mr. and Mrs. Olaf Sanden, a son.

HILGREN.—Near Wetaskiwin, on August 24th, to Mr. and Mrs. Gus Hilgren, a daughter.

IN MEMORIAM

In cherished memory of Harry Higginson, M.M. No. 62476, 7181 Hatt, son of Mr. and Mrs. T. P. Higginson, who made the supreme sacrifice September 2, 1918, and was laid to rest at "Duty Mill" cemetery, France. Deep in our hearts thy memory clings, And still our grief is sore. Three years have passed, but nearer brings.

The day we meet once more, He passed away, we did not see The peace upon his face, We neither heard his parting word, Or saw his resting place. Sleep on dear son and take thy rest, Thy miss you most, who love you best.

—Mother, Father, Sisters and Brother.

BUSINESSMEN'S ASSOCIATION TO HOLD A SUPPER

In another column of this paper it is announced that the Wetaskiwin Businessmen's Association intend holding their first "Get-Together" supper in the month of September.

We now have much pleasure in announcing that the supper will take place at the Grand Hotel on Friday evening, September 2nd, at 6:30 p.m. sharp. Tickets are 75c per cover and are available from the cashier of the Grand Hotel Dining Room.

The association have been fortunate in securing the consent of Professor Warren of the University of Alberta, who will lecture on the geological formations and structures of the Wetaskiwin district.

All interested in the development of Wetaskiwin, whether they are members of the association or not, are most cordially invited to attend and may obtain their tickets from any member of the executive, or as above stated, the Grand Hotel Dining Room.

COMMUNICATION

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.)

A WORD OF APPRECIATION

As I pursued the last issue of your paper, I was very pleased to see that you had an article therein written by J. H. Palk, concerning the present Farmers' government of Alberta and its probable policy. The article in question is one of the most fair I have read, written as I understand, by a farmer, who is not a farmer, and it is to your credit, Mr. Editor, that you put such articles in your paper, especially as some other Liberal organs have very anxious to discredit the little farmers, telling us before the election that "the country needed was a 'safe and sound government' and of course if the Liberal vote is a Farmers' government, the country would not be safe and sound, and would be 'dominated by a class' which if they went into politics, would be a 'menace to the country'." They were lined up with the Holmers, etc. They would not have men man the important positions and make other misrepresentations.

In for one, do not expect to see the farmer government disturbing the present order of things very much. They would not be so radical as to take rashly, and too inexperienced in politics and big finance to dare undertake any experience of a radical nature. They would not attempt to do a more radical nature have been met by the big interests south of the line, and no doubt they have learned to "live" the basic one. As a class they expect to see much of a change for the better in our economic system because the farmers have got into power, not at least for some time. Still, I like to see them have a chance at it. They are the most numerous as a class, next to industrial labor, their industry is the basic one. As a class they are staunch, steady, patient, persistent and as economically as any other class, and they have a number of men and women among them who are students of economics, and industrial conditions, men and women of administrative ability. Other party candidates "get" them and help them to "get" the "result" is a general well being, and steady prosperity, harmony and content. A tree shall be judged by its fruit. I do not claim that nothing good has been accomplished in the past. Far from it. I refer to general conditions. We know that under past governments certain classes (not farmers) have been well protected, the interests of certain classes well guarded, and why? Because these other classes have been "strong" and strongly represented in the old party system. Surely there would be no wrong if the farmers "wake up and select men from their

LABOR DAY

The next holiday will be held on Monday next, September 5th.—Labor Day—when business, places in the city will be closed.

FIRST WHEAT IS DELIVERED BY HENRY LEE

CROOKED LAKE, FARMER MAIN TAINS RECORD FOR EARLY DELIVERY

Henry Lee, of the Crooked Lake district, maintained his record for delivering the first new wheat of the season, on Wednesday of this week, when he delivered three loads of this year's crop to the elevator of the Mac-Richard Milling Co. Ltd.

This wheat has a long plump kernel of good color and weighs up well. The delivery this year is a full two weeks ahead of last season.

SHOOTING SEASON ON!

The season for duck shooting opens today (September 1st). While the children season is open until October 15th, and then only for two weeks, all reports come in are to the effect that already the birds are in magnificent condition and large coveys are the order of the day. Hungarian partridge are also plentiful and exceedingly plump, while rabbits are on the increase this year, especially in the northern part of the province.

own ranks who know their struggle, who are not afraid to take their interest. If the farmers have right to vote, they should have the right to a class to select and elect their own men, men whom they think will take better care of their interests, and when they do so, they will likely have the majority and must to say in regard to government and administration of the affairs of the country. But what of it? Would the farmers be more unjust than others? Would they be more reckless with the resources and assets of the country? Would they be worse offenders than any of the others? Would they misuse their powers? Would they disregard the wishes of the majority? Would they destroy democratic rights and institutions? Do not think of it. The farmer who will consider the welfare of the majority of the people, as well as the minority, along the lines of equity and justice, as well and perhaps better than it has been considered in the past. I believe the farmers to be as sound at heart, and a level headed as any other class. They know what efforts and hard work is costs to create wealth, and they will not be worse squanderers than others, who make their living by speculation, or by charging exorbitant fees for slight work and services. I, for one, wish them good luck in the administration of the affairs of this province and shall do my part and bit to help them.

Furthermore, I believe the town people and small merchants should stand by them and help them to "get" the "result" is a general well being, and steady prosperity, harmony and content. A tree shall be judged by its fruit. I do not claim that nothing good has been accomplished in the past. Far from it. I refer to general conditions. We know that under past governments certain classes (not farmers) have been well protected, the interests of certain classes well guarded, and why? Because these other classes have been "strong" and strongly represented in the old party system. Surely there would be no wrong if the farmers "wake up and select men from their

FLEE THROUGH A HAIL OF BULLETS WITH \$100,000 CASH

CHICAGO, Aug. 29.—After an afternoon spent in raiding the vaults of the Masonic temple, in which more than \$100,000 in currency was said to be stored, three robbers became intoxicated, made so much noise that they attracted the attention of a passerby, and then escaped through a hail of bullets from the pistols of 25 patrolmen and detectives early last night. Hundreds of pedestrians witnessed the chase through the downtown district, which ended when the robbers vanished in an alley. Apparently none of them were hurt.

It was estimated that the robbers had escaped with approximately \$100,000 in cash and securities. In their hurry to escape they left behind them \$40,000 in \$100 bills which were in one of the boxes and a diamond necklace valued at \$10,000.

TOWN TOPICS

E. Finkle, of the C.P.R., who is taking his vacation, was renewing acquaintances in Calgary last week.

Billy Waterson, of Edmonton spent Sunday with Percy Dunne at Cherry Grove.

Mr. Milton Bolton and family, of Moragade and Mr. John Bolton's father, from St. Mary's, Ontario, spent a day at Ernest Switzer's.

Ideal harvesting weather continues and all the grain in the Wetaskiwin district will be in the stack in a few days. We understand some of the farmers intend to start threshing tomorrow of this week.

The regular meeting of the Hospital Aid Society will be held in the Council Chamber on Tuesday afternoon, September 6, at 4 p.m. A full attendance of members is requested to discuss important business.

The opening of the winter season of the last Wetaskiwin Wolf Cubs will be held on Tuesday, September 6th, at 8 o'clock in the Parish Hall. Any boys between the ages of 8 and 12 wishing to join should attend this parade.

Miss M. B. Ricker, public school teacher, has been awarded the School Music Instructor's Certificate of McGill University Conservatory of Music. Miss Ricker studied during the winter and spring terms in various localities between the Port Norman and the Montana fields.

Mr. Smith, of Sudbury, was in the city this week visiting his old school friend, Mr. Angus. Mr. Smith is a driller in the Sudbury mineral fields and is greatly interested in the oil prospects in the Pigeon Lake district.

Mr. and Mrs. J. S. Orr and family have moved to the city and are getting settled in their new residence on Stanley street. Mr. and Mrs. Orr resided here several years ago, and their many old time friends are glad to welcome their return to the city.

The Wetaskiwin families who have been spending the vacation in their cottages at Gull Lake have returned to the city. Those returning are Mr. H. D. Robertson, W. H. Odell, E. R. Fraser, Geo. D. Wallace and M. O. Nelson.

The ladies aid of the Norwegian Lutheran church will serve dinner and lunch on Saturday, September 3, in the new garage, next to Ness & Carlson's. A sale of fancy work will be held after dinner. Everybody is welcome.

Mayor Fowler has been making satisfactory progress toward recovery, and he was taken to the Wetaskiwin hospital on Tuesday for treatment. He is reported to be somewhat improved at time of writing and his many friends hope for his speedy recovery.

In our report of the awards of the Wetaskiwin Fair an error inadvertently appeared. We stated that the silver cup donated by the Merchants Bank of Canada for the best registered Aberdeen Angus bull over six months old, had been won by R. Ballhorn. This was not correct, as Mr. L. H. Neville took first prize, thereby winning the cup. Mr. Ballhorn was second.

BUSINESSMEN'S ASSOCIATION ORGANIZED FRIDAY NIGHT

New Slogan Will be Adopted and Wetaskiwin Will Take on New Lease of Life. Questions of Benefits to City and Country Will be Dealt With. Every Resident Wanted to Give His Support to the Organization. It is Proposed to Hold Monthly Suppers and Bring in Outside Speakers.

FUNERAL OF SIR SAM HUGHES

Lindsay, Aug. 26.—Sir Sam Hughes, former minister of militia, one of the best known Canadian figures in the great war and one of the most beloved and popular citizens of Lindsay was buried this afternoon in the beautiful and parklike cemetery. The burial was made the occasion for one of the most tremendous demonstrations ever witnessed in Canada. More than 5,000 people attended and more than 200 automobiles lined the streets.

MUTUAL COMPANY HOLDS MEETING

A meeting of the shareholders of the Mutual Oil & Gas Development Co., Ltd., was held in the company's office, 1101 Main Street, on Thursday last.

A large number of the shareholders were present, and a very satisfactory meeting was held. C. C. Delmage was appointed president, J. J. McElroy vice president, and S. H. Smith, secretary and treasurer, and the following gentlemen were appointed directors: H. B. Hansen, R. A. Reynolds, W. L. Higginson, Thomas Sutton, Edmond, Frederick Payton, Miller.

The company hopes in the near future to commence drilling operations in the vicinity of Pigeon Lake. The geologist's report on the property is very attractive, and it would not surprise the shareholders of this company if oil in paying quantities was found before now flows. The probability is that gas will be found which will be of great advantage to this country.

The belief among geologists is that the northern oil fields in Alberta will link up by a series of fields or oil pools with the Montana fields, and in their opinion is but a question of time until oil will be discovered in various localities between the Port Norman and the Montana fields.

The Pigeon Lake district is considered one of the most promising prospects in the oil fields, and shareholders all hope to have the highest ambition realized.

WHEAT THRESHED NEAR DONALDA!

What is probably the first 1921 load of wheat to reach the elevators this year was dumped into the hopper of the elevator company at Donalda, on the C.N.R., on Wednesday of last week. This early marketing of Alberta wheat constitutes a record for harvesting for some years back.

RECORD ATTENDANCE AT THE HIGH SCHOOL

The schools resumed on Tuesday with a large attendance. There is a record enrollment in the high school, the first day, with many others. It is apparent that an old-fashioned teacher must be engaged for this grade at once. As some of the high school teachers will not return until the end of the week, it was decided to have an instruction in the high school until Tuesday morning, September 6th.

What might have been a serious accident happened at the Grand Hotel on Wednesday last, when two automobiles driven by J. W. Horst and H. H. Thiel collided. Joe Horst sustained a broken finger and considerable damage was done to both cars.

At a very well attended and representative meeting of the business and professional men of the city, held in the council chamber on the evening of August 26th, an organization was formed under the name of the Wetaskiwin Businessmen's Association. The organization is capable of doing a lot of good to the city and community, and has every promise of being a great benefit to every individual in the district.

The following are the officers for the balance of the year, namely: President, H. B. Foster; Vice President, A. P. Mann; Secretary, L. A. Russell; Treasurer, C. Smith; Committee, Thos. Lawson and H. J. Montgomerie.

For several years it has been Wetaskiwin's attitude toward the city, and if any work was done at all, to criticize and find fault. But, judging from the enthusiasm shown at the meeting Friday evening, Wetaskiwin is taking on a new lease of life, and the slogan will soon be changed from "Let the other fellow do it" to "What can I do to improve Wetaskiwin?"

Among the many benefits to be derived from the association is that every business man will be placed in a position to ascertain whether or not his credit system is getting beyond his control. In addition, to the co-operative advantages to be obtained, the cooperation of the farmers and merchants is a most important factor in the aims of the association.

The object of the association will be to deal with all matters affecting the welfare of Wetaskiwin and district, and among the questions to be considered at an early date will be the proposed municipal hospital. It has been noted that a club room be procured where the people from the district, and the residents of the city may drop in and spend a suitable hour together. At the present time the people of the city and city meet only a commercial way and there is little or no co-operation between them.

A resolution was passed at the meeting to the effect that a general invitation be extended to the citizens of Wetaskiwin and district to join the association, and thereby do their bit in the furtherance of the interests of Wetaskiwin. The dues for each year is \$5.00, which is now due and payable to the treasurer.

The following have already joined the organization: Geo. L. Gotsdard, J. F. Richards, J. A. Christopher, Chas. Boyer, F. T. Kirelson, R. M. Snyder, Aboushous & Murray, City Bakery, Houlston Bros., French & Thomas, H. J. Wells, Edmonton City Dairy, L. C. McElroy, N. A. McEachern, V. C. French, H. B. Wilson, W. H. Odell, H. H. Thiel, J. W. Horst, Pacific Grain Co. Ltd., D. M. Parker, John Ochs, C. B. McLeod, H. G. Smith, F. B. Blackwell, Imperial Lumber Co. Ltd., C. Smith, Montgomery Bros., New & Carlson, A. H. Liver, W. J. Luggie, Wetaskiwin U.F.A., Cooperative Association, and E. A. Holbrook.

By the above it will be seen that there is a large number of business and professional men who have not joined but whose support and influence is counted upon in this forward movement.

When the Wetaskiwin Businessmen's Association become thoroughly organized and commences active work, it may be expected that the city will take an advanced stride which has been unprecedented. The ball has been started. Let us all get behind and push.

In accordance with the aims of the association, to get together and help one another, it has been decided to have a supper at the Grand Hotel in a couple of weeks.

Mr. Stark of Lacombe, is visiting his daughter, Mrs. Ballhorn.

GOT TWO DOLLARS?

Where can you get such value for this amount? Can you think of any preparation on the market today that will give you such genuine satisfaction for the amount expended as "JUSS" will do?

We grant that two dollars is a big price for a hair Tonic, but would you not rather pay the price and get something of real merit than to not pay a dollar for a bottle of perfumed water or buy run? You'd agree that "JUSS" is the more economical in the long run.

"JUSS" (Harrison's special hair Tonic and dandruff Eradicator) is made from costly drugs. We bring one of the finest extracts used in its manufacture all the way from South America. Then again, remember that "JUSS" is largely composed of pure grain alcohol, and pure alcohol is a costly article these days.

It makes no sense to hear the arguments put forth by some hair Tonic manufacturers as a selling point; they'll tell you that their preparation contains no alcohol whatever. Of course it doesn't! Alcohol costs twenty-four dollars a gallon!

"JUSS" is absolutely guaranteed to kill dandruff, stop falling hair and promote a new growth. Your druggist will refund your money without a question if you find it unsatisfactory in any way. All we ask is that you return the empty bottle to him as an evidence that you used the contents.

All Wetaskiwin druggists sell "JUSS". Have you tried it yet? \$2.00 a bottle (a month's treatment).

UNEMPLOYMENT INSURANCE IS URGED BY LABOR

WINNIPEG, Aug. 29.—A scheme of state unemployment insurance to be put into effect as soon as it can be brought about, with the situation alleviated during the interim by the construction of necessary public works by the federal and provincial governments, is the plan which is being considered by the Trades and Labor Congress of Canada at its convention here, as one tending to the relief of present and future distress caused by unemployment in this country.

With this is coupled a request to the federal government that all Oriental immigration be barred permanently and that all immigration from European countries be put under the ban for two years with the exception of bona fide agricultural workers. These recommendations were returned by the committee on unemployment and immigration, of which E. W. A. O'Neill of Hamilton, is chairman, late in the afternoon, and they are forming the subject of debate at a session tonight.

The unemployment committee's report declared that the problem was acute, and threatened to become more serious this winter, and that methods of relief hitherto used had been hasty, temporary, localized and inadequate. The principle was laid down that "the first charge upon industry, is, of right, and ought to be, the adequate maintenance of the worker engaged in it."

To deal with the situation until the suggested permanent machinery is set up, the resolution suggested to the federal government that they should do the following things:

Restrict and guard against unwarranted immigration.
Enact an eight hour day. At least for their own employees.
Construct necessary public works.
Renovate and repair public buildings.
Continue money grants for immediate needs.

Make housing loans to the extent of \$10,000,000 to the cities and towns.
Overhaul all rolling stock, etc., on the government railroads, and all other equipment of the government's spending departments.

The governments of the provinces are asked to do their share, the following requests being made of them:

That they engage in road building on a large scale.
That they repair and renew their old public buildings and construct new ones where necessary.

A PRELIMINARY ANNOUNCEMENT OF POPULATION

The Dominion Statistician announces the population of the following cities and towns as shown by the preliminary count, subject to correction, of the returns of the Sixth Census, 1921.

Adjustments on account of closed houses and absences have yet to be made.

Windsor, Ont.	36,541
Ford City, Ont.	5,860
Sandwich, Ont.	4,410
Waterloo, Ont.	7,840
Lindsay, Ont.	2,548
Galt, Ont.	12,310
Preston, Ont.	5,431
Paris, Ont.	4,365
Belleville, Ont.	12,163
Trenton, Ont.	5,892
Chatham, Ont.	12,301
St. Catharines, Ont.	19,664
Peterborough, Ont.	20,889
Niagara Falls, Ont.	11,789
Welland, Ont.	5,677
Thorold, Ont.	4,829
Three Rivers, Que.	22,217
Shawinigan Falls, Que.	16,606
Amherst, N.S.	9,976
North Sydney, N.S.	6,583
Sydney, N.S.	9,329
St. John, N.B.	45,504

Note.—The Dominion Bureau of Statistics points out that it is the duty of anyone who thinks he or she has been omitted from the Census to notify the Bureau to this effect, when an investigation will be made.

A stranger drove up to a Millet farm the other day and asked the kid where his dad was. "Pop's down in the haw barn," answered the kid. "You'll know him 'cause he's got a hat on."

Miss Hazel Wybert, of Wetaskiwin, is spending a few days with Mrs. B. A. Vickie, at Ponoka.

This Pigeon Lake oil find appears to be a big thing, and quite a number of our citizens are becoming interested. It is said that the prospects are great, and let us hope that the outcome will dwarf the highest expectations.—Ponoka Herald.

That they take up reforestation seriously.

That they develop their agricultural lands.

That they make money grants for immediate needs.

Central labor councils are asked to take up with their municipal bodies the importance of undertaking the construction of necessary municipal works.

CARDSTON RIDING U.F.A. MEMBER IS NOT NATURALIZED

LETHBRIDGE, Aug. 29.—George S. Stringham, elected Farmers' candidate in the Cardston riding, may lose his seat. A petition against his election was filed here Thursday by Martin Woolf, ex-M.P.P., and defeated government candidate, on the ground that Stringham was not at the time of his election and is not now a British subject either by birth or naturalization. The petition therefore asks that the election of Stringham be declared void and that Martin Woolf be declared elected.

It is understood that Mr. Stringham applied for naturalization in 1914 but it was never issued owing to certain wartime regulations.

Since the above was put in type, a despatch has been received stating that Mr. Stringham was naturalized but with a clerical error in the registry of force made it appear as though he were not.

It might be an act of charity to state that the town is simply full of "grass widowers," in other words, the men whose wives have gone and left them, for a short or long period—what is known as the summer vacation. No need to mention names, their gait betrays them—a Weary Willie expression on the face and a great big "good-to-me" advertisement imprinted on their anatomy—Ponoka Herald.

HEARTBURN.

This is a very common trouble, especially with those who are hearty eaters. There is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Therefore too much food is taken in it is liable to ferment and become extremely sour and vomiting often occurs, and what is known up is sour and sometimes bitter.

Keep your liver active by using
**MILBURN'S
LAXA-LIVER
PILLS.**

and you will have no liver trouble. Miss Agnes Cutting, Shallow Lake, Ont. writes: "I have had heartburn for a long time. There was a gnawing and burning pain in my stomach, and then when I vomited there was a sour and bitter taste. I used two vials of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn." Price, 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

OFFER FOR IMMEDIATE ALLOTMENT:

800 Fully Paid and Non-Assessable Shares at \$50.00 Per Share.

Geologist's Report

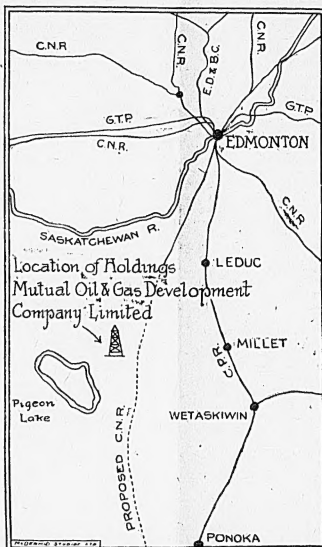

Excerpts from the report of Prof. Warren of the University of Alberta, Consulting Geologist:

"... Intermediate between the two exposures mentioned there is a big seepage of heavy oil. This has completely saturated the Paskapoo sandstone at this place to a depth not known at present. This oil must seep in from some horizon below.

"... In Section 26 in the same range and township, there is a phenomenon in a bog similar to that of mud volcanoes, which are common on many oil fields. This is additional evidence of a favorable nature and on the whole it appears to me that there is a local structure here which is capable of producing oil and this oil is finding its way to the surface at the oil seepage before mentioned and it would be a fair speculation to sink a well in this vicinity in an attempt to find the source of it."

NOTE:

- (1) The Small Capitalization and compare this with companies organized in millions.
- (2) The large holdings of this Company.
- (3) The Favorable Geological Report.
- (4) The proximity to civilization.
- (5) Your money actually spent in drilling, not in transporting machinery thousands of miles.

This Allotment Will Not Last Long

An earnest and sincere attempt at development which will enhance the opportunity of every member of this Community.

REDISTRIBUTION

Unofficial figures issued at Ottawa state that the census now being completed will show a population of 5,500,000 in Canada. This will give Western Canada 79 members in the Dominion parliament, when redistribution takes place, made up as follows:
Manitoba 18; Saskatchewan 23; Alberta 18; British Columbia 19; Yukon Territory 1; Eastern Canada will have 172 members, made up as follows:
Quebec 65; Ontario 80; Prince Edward Island 3; Nova Scotia 14; New Brunswick 16. It will be seen that the west has a long way to go before it will equal the east in the matter of parliamentary representation, but that day will surely come.
In the meantime the west is making itself felt in the affairs of the nation, and there is no real reason why it should not continue to do so, provided the people take an active and an upbuilding interest in public affairs—Canadian Finance.

THURSDAY, SEPTEMBER 1, 1921

Boost Your Own Home Town.

The development of local patriotism is essential to the success of any community. The man or woman who sends money out of that community to another community to buy goods which he could have secured in his own community at a reasonable price, is a very indifferent citizen.
It is a shame and a disgrace for any one to send money out of their own community when they can get what they want at home. On the other hand, if your merchants do not keep an assortment necessary to hold these dollars at home, or if they do keep the assortment, but asking more for them than they should for their goods, then it is a question of getting after them, because they are a liability to your town.

Now, then, why not form a community club in your city or town for the purpose of trying to develop a better feeling? Why not, through this club get after the fellow who is continually sending his money away, and find out exactly his reason for doing so.

If he is the right kind, and is frank in stating his reasons, then you will be in a position to try and remedy it. Why not send out a questionnaire letter to everyone in your community, asking if they dwell in town, and if not, why not—have them state frankly who they have a "kick" against, if any, and have them offer suggestions how you can best improve things in your town. Go to the bottom of the trouble, then call a meeting of your merchants, have these letters read right out, have a frank and thorough discussion, let nobody get away with a determination to improve matters, by so doing you will convince your community that you are trying to improve your town, trying to encourage them to buy at home, and trying to make it worth something for them to buy at home.

The effect of a campaign of this nature is far-reaching. If it hits the target, every citizen who is converted is started on the road to a better idea of the responsibilities of citizenship, and every community possessing a goodly number of these kind of citizens is sure to make solid, sound and substantial progress.

Disarmament Conference

There is to be a big disarmament conference, held in Washington on the invitation of President Harding, the month of November, and the much-vaunted question of curtailing warlike expenditures will be fully discussed. It is generally understood that Great Britain and the United States favor disarmament to the farthest limit, and France and Italy will probably favor it with the proviso that their enemies shall not be allowed to steal a march on them. Russia is in doubt, as the Soviets view are not on record, but it is probable that the Russian nation, if allowed to speak, would declare against war. China also naturally favors disarmament. The one great power, whose attitude was regarded as somewhat uncertain, was Japan, but Japan has now formally accepted the invitation to the conference, with the stipulation "such problems as are of sole concern to certain particular powers or such matters as may be regarded as complicated facts," shall be scrupulously avoided. Possibly Japan has in mind Shantung and Korea, but while these knotty questions must hardly be considered as finally or irrevocably settled, they need not prove a bar to a great world-wide move towards disarmament. Since the close of the war Great Britain has not increased her naval strength, although Japan and the United States have been rapidly increasing theirs. At the present time Japan is said to be spending 25 p.c. of her national income on the building and manning of war vessels, while the United States congress only a few weeks ago authorized the spending of \$417,000,000 on her navy. Britain, facing these facts, a few days ago voted to build four super dreadnaughts of the latest type, but these enormous and costly engines of war will not be begun until 1922 or finished before 1924. No capital ship has been laid down for five years, and no cruiser, destroyer, or submarine since the armistice. Not only so but contracts for 617 vessels in process of construction have been cancelled, and 200 old ships have been disposed of. At present

Back to The Farm

Business slackness and unemployment in the United States are said to be producing a movement toward the farm. While there were 400 abandoned farms in New England last fall, this summer there are only 300. Mr. Chester Jones, says, in the New York Times, that unemployment is filling jobs on the farms, and also stimulating small farm enterprises. Many a man out of a job, seeing his savings depleted, looks for a farm that will stand between him and starvation. Since the first of the year 70 per cent of the requests for farm information has come from the city. The States of the southwest are producing the biggest crop since 1915. As to the danger of over production, he points to the Norris bill in the senate, which will stimulate exports by providing for a hundred million dollar corporation to make loans to foreign buyers of agricultural products. "Here are the winter aspects of the agricultural recovery that justify its arising a general economic hopefulness." There is its effect on the railroads. "A big crop necessitates heavy transportation. Railroad men say they have the necessary rolling stock on hand to carry it in a short time, and they add that this stimulus to transportation will help materially in pulling them out of the depression. The bankers and the business men at the cattle pool convention, held in Chicago, for a while ago stated that if a large part of the crop was marketed within the next three months, as the market indicates it will be, it would help to relieve the whole financial situation throughout the country."

Agricultural prosperity means general prosperity, and in the present state of the world, with famine in Russia following famine in China, we need hardly fear overproduction in food.

The First to Be Let Out

Apparently following out its standard policy of rigid economy in the various departments of the government, Premier Grenville's administration has already begun to reduce the staffs.

The first department to be affected is that of agriculture, and the announcement has been made of the retirement of Professor A. E. Meyer, superintendent of the agricultural schools of the province. Mr. Meyer retired from the government's service last week. Mr. Meyer has been in the west since 1914. After lecturing for one year at the school of agriculture, he was appointed superintendent of the agricultural schools. It is understood that other retirements from the government service are to follow.

It is believed that the new government considered Mr. Meyer's position a superfluous one, since there are superintendents in charge of each of the various schools. What other retirements will take place are not certain, but other departments are also to suffer a decrease in staffs—Alberta.

**1845 to 1921
FOR 76 YEARS**

HAS BEEN RELIEVING
Diarrhoea, Dysentery, Colic, Cramps, Pains in the Stomach, Cholera, Cholera Infantum, Cholera Morbus, Sea Sickness, Summer Complaint and all Looseness of the Bowels.
Why say more?

We wish to place the public again being imposed upon by unscrupulous dealers who adulterate this so-called Strawberry Compound for "Dr. Fowler's." Ask for "Dr. Fowler's" and insist on getting it. The cheap imitations may be dangerous to your health.

A WONDERFUL REMEDY.
Mr. J. S. Gable, Chatham, Ont., writes: "It is with great pleasure I write you to say that I can't speak too highly of the wonderful remedy Dr. Fowler's Extract of Wild Strawberry. I was troubled with diarrhoea and tried everything I could think of to relieve me, but nothing seemed to do me any good. I was advised to try 'Dr. Fowler's' and found it great. I would recommend it to any one suffering as I did."
Price, 25c a bottle; paid up only by The T. Milburn Co., Limited, Toronto, Ont.

OPERATION WAS NOT NECESSARY

"Fruit-a-lives" Restored Her To Perfect Health

168 PAPERNAVE, MONTREAL.
"For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused.
I heard about 'Fruit-a-lives' so decided to try it.
The first box gave great relief, and I continued the treatment. Now my health is excellent—I am free of pain—and I give 'Fruit-a-lives' my warmest thanks."

Mrs. F. GAREAU.
50c. a box, 6 for \$2.50, trial size 25c. All dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

HUSBAND'S STORY WILL AMAZE WETASKIWIN

He says: "Adler-ika helped my wife for gas on the stomach and sour stomach in TWENTY MINUTES. It works beyond greatest expectations." Adler-ika acts on BOTH upper and lower bowel removing foul matter which poisoned stomach. Brings out all gases and sour, decaying food. EXCELLENT for chronic constipation. Guards against appendicitis. Adler-ika removes matter you never thought was in your system and which may have been poisoning you for months. The Northern Drug Company. 24

WE GIVE IMPERIAL Polarine CRANK-CASE SERVICE

What the Sign? Stands for—

THE Blue Imperial Polarine Crank-Case Service Sign stands for greater economy and efficiency in motor operation, hence reduced running costs and increased satisfaction. But, to be more explicit—

The Imperial Polarine Crank-Case Cleaning Service Sign distinguishes reliable dealers who have equipped themselves to handle all crank-case cleaning jobs in an expert and thorough manner

Such dealers are especially distinguished by the fact that they use Imperial Flushing Oil, the efficient crank-case cleaning agent. Always insist that Imperial Flushing Oil be used. Coal Oil (kerosene) is not suitable—ask any lubrication expert.

Have your crank-case cleaned thoroughly and correctly and you will be agreeably surprised at results. It is literally true that dirty oil in a befouled crank-case often more than doubles operation costs. Do not delay in having your crank-case cleaned. If you know the value of real economy, you realize that you can't afford to delay.

Expert crank-case cleaning requires only a very few minutes. Any of the dealers listed to the left will give you prompt as well as expert service.

Removal Notice

TO CITIZENS OF WETASKIWIN
AND DISTRICT

Owing to raise of rental and not being able to get a satisfactory lease on my present building, I am removing my Butcher Business one block west next door to the Banner Grocery, which will be Opened for Business on and after October 1st.

Until then the business will be conducted as usual in the Wetaskiwin Meat Market.

It has been my aim to supply meats at a very low price for cash, and by giving my customers a square deal have built up a solid business. I will be able to give as good service in my new location

I wish to thank my patrons for the way they have supported me in the past and solicit your patronage in my new quarters, which will be clean and sanitary in every way.

My Motto is: "Small Profits and Quick Returns"

The Wetaskiwin Meat Market

T. P. HIGGINSON

MERCHANT TELLS OF A REMARKABLE CURE

Writing from Maxey, Ga. A. J. Gilten, proprietor of a large department store at that place, says:

"I have a customer here who was in bed for three years and did not get to a meal at any time. She had five physicians and they gave her up. One bottle of Tanlac got her up, on the second bottle she commenced keeping house and on the third bottle she did all the housework and cooking for a family of eight."

"This sounds really incredible, but it comes uncolored from a highly creditable source and is copied verbatim from the letter."

Tanlac is sold by leading druggists everywhere.

SPECIAL MUSICAL FESTIVAL

Given by the Edmonton Salvation Army band of 25 players, to be held in the Bijou Theatre, September 3rd and 4th.

Saturday, 8 p.m. Band concert.
Sunday, 11 a.m., 3 p.m., and 7:30 p.m. special musical meetings. Come and bring your friends. Silver collections.

One of the officials of the C.P.R. in Medicine Hat, who is paying a visit to that city, stated that the farmers in the Hutton district were bringing fine water melons to market. This is the first time that the growers there have produced this fruit commercially. The melons are of splendid quality and find a ready sale.

EXAMINER'S REVIEW OF THE MARKETS

CATTLE—There has been a good beef market at Edmonton, with well finished cattle steady, and poor steers and females weaker. Stockers and feeders also weaker. Choice steers \$5 and \$6; good butchers \$4.50 and \$5; medium \$3.50 and \$4.50; common, \$3 and \$3.50. Choice cows, \$3.50 and \$3.75; good, \$3 and \$3.50; medium, \$2.50 and \$3; common and canners, \$2 to \$2.50. Bulls scarce, with tops \$2 and \$2.50. Calves steady, with choice \$5 and \$5.50; common \$4 and \$5. Feeder steers in poor demand, prices lower, \$2 and \$3; stockers \$1.50 and \$2; stocker heifers \$2 and \$2.50; stocker cows, \$1.50 and \$2.

HOGS—Hogs at Edmonton are lower now, though during the week some extra choice light selects sold at 13.25; weekend sales are at 12.50 and \$13.

SHEEP—Lambs are lower at Edmonton, with only a few tops at \$8; fat ewes will bring only \$5; other sheep not in demand.

GRAIN—Harvest weather favorable in Alberta and cutting well on, with threshing started. Yields in many places better than expected. Prices holding up on cash wheat, with big spread over futures, which will have to come together.

PRODUCE—Wide spread on eggs.

BORN

MERCER—At Malmoe, on August 25th, to Mr. and Mrs. A. B. Mercer, of Peace River, a daughter.

quoted at Calgary \$8.50 and \$10, latter price for good quality and high percentage of select. Creamery butter slow but no breaks in west, although Montreal market down last Monday. Calgary price on cartons, 36c and 40c.

carrots, 36c and 37c; dairy butter weaker with No. 1 18c and 21c; fancy table 36c and 28c; off grades no demand. Heavier shipments and poor demand on poultry causes lower prices. Fowl 14c and 15c; chickens, 18c and 20c; old roosters, 10c and 12c; ducks, 20c and 25c; turkey hens 30c; Potatoes 11.75 190lb. sacks.

HAY—Little demand and not much offering; upland at country points. \$14 and \$16; timothy, \$20 and \$23.

MILLET

The Millet Fair at the present time looks as if it is going to eclipse all previous efforts. The entries are coming in very fast and although the grounds are busy, they still have a little time to help the fair along. There is one thing that the Millet farmers appreciate what is being done for them by the fair committee who are giving all their time to make the fair a big success. This year the special prizes are doubling what they were in former years. There has been a large quantity of entries by the boys and girls of the district for the Millet silver cup which is being presented by A.P. Mitchell of Millet, for the best 1921 calf hand fed by boy or girl under the age of 14 years. In addition to the cup the successful child will also receive \$25.00 in cash. Fair day, Thursday, September 1st.

George Wright and party were visitors at Hay Lakes on Sunday.

Ed. Doyle is back again for a visit. It must be a pleasure for him to visit a good farming country.

A. Eggleston has just returned from England.

John West, Mrs. West and Marjory have returned from an extensive visit to the Pacific coast. John is now completing arrangements for the building of a five roomed bungalow and a one story brick store.

Mrs. DeStor will be moving into her new bungalow in a few days.

A. Douglas has been called away owing to the serious illness of his father. Mrs. Stevens is visiting his sister, Mrs. A. H. Parker.

S. C. Tobin was a visitor to Millet last week.

A. Charleason passed through Millet on his way east last Monday.

A. Weaver is now free from bungalow will be completed very shortly and will be an acquisition to Millet street. The Millet people seem to be getting the building bug, and if all these that figure on building, do built, we will have a fine town here yet.

The oil fans are still very enthusiastic as to the possibilities of the finding of oil in the Pigeon Lake district. The Mutual Oil and Gas Development Company are busy getting contracts for derricks and drilling and it will not be very long before they start operations.

R. Rayfield and W. Eggleston left for the threshing season and are located near the Pigeon Lake district.

William Kovar, Ray-Wolf and Mike Doering are busy cleaning up their respective outfits and are getting ready for a long season.

William Weir, president of the Millet Agricultural Society, is a busy man these days with his farm work and the work of the fair.

Pete Hop, the Poland China hog importer, was in Millet last Friday.

Prof. Dowling of Calgary is on a visit to his parents.

Edward Schuchert has the contract for the plastering of the Heywood house.

Mrs. Capel and child, of Calgary, is visiting her sister, Mrs. Mitchell.

Miss Madge Plant has returned from Pigeon Lake where she has been spending her holidays.

Mrs. Kent returned from a visit to Banff on Saturday.

Mr. and Mrs. Eastwood has returned from a motor trip to Victoria and intermediate points.

H. Brinkler was a visitor to Edmonton over the weekend.

H. Violet was a week end visitor at Millet—Millet, Sept. 22.

EVEN EXCHANGE

The secretary of the Manufacturers' section of Alberta Dairymen wrote an editor asking him for \$15 worth of space free. The editor wrote back and asked him for \$15.00 worth of co-memoranda.

NOTICE
To School Boards
The attention of Rural School Trustees is invited to the following amendment to Schedule (a) of Section 2 of the School Grants Act, passed at the Spring session of the legislature: "And an additional sum of fifty cents a day to each director operating the only one room school if instruction is given therein in grades above the eighth by the written authority of an Inspector of Schools."

Interested Boards should communicate with the Inspector in regard to this grant.

M. O. NELSON
Inspector of Schools

READ THESE ARTICLES WITH CARE. THEY MAY PRESENT SOMETHING YOU HAVEN'T THOUGHT OF BEFORE. PATRONIZE THE PEOPLE WHOSE ADVERTISEMENTS ARE HERE. THEY ARE YOUR SPEND WITH THEM STAYS IN CIRCULATION IN YOUR DISTRICT.

You Should Be As Loyal To Your Community As To Your Name

The Wetaskiwin concerns listed here, conscious of the fact that thousands of dollars are being sent out of this territory for merchandise that can be bought at home, have launched a campaign in the hope that it will create a stronger feeling of community interest—a sentiment most vital for the prosperity of the entire community. In bold type therefore you read the slogan that they intend to popularize—"TRADE IN YOUR HOME TOWN."

The time for consideration of this question could not be more opportune than the present. "Financial Preparedness," the watchword of Canada, should begin at home, and can be exemplified in no more far-reaching manner than by real co-operation in this vitally important "TRADE AT HOME" movement. It is a thought that should be taken to heart and given consideration by every person who earns their living in, or owes their success to, this community.

This campaign is launched in the firm belief that the people of this community will follow the dictates of their good sense, and bring the "TRADE AT HOME CAMPAIGN" to an activity that will be of vast benefit to the entire territory.

This movement is no selfish propaganda of these progressive concerns who have combined in co-operative community appeal. They urge that you read the brief message they give you each week through the columns of The Times.

The firm resolve to "Trade at Home" will not only help the retail merchants, but the manufacturers and jobbers, the farmers adjacent to the town, and it will also help in every line of business. It will either directly, or indirectly benefit every individual of this section.

More Heat at Less Cost

The direct heating principle of the Findlay Pipeless Furnace eliminates all loss of heat and floods every corner of every room with warm, moist air at a saving of 35% to 50% on fuel.

Findlay Pipeless Heat—baking and healthful moist—is automatically supplied through one register. There are no pipes or costly plumbing fixtures. A hole cut in the first floor for the register face, the furnace in place in the cellar, the smoke pipe connected up and your Findlay Pipeless is ready to heat the house from top to bottom. It does not heat the cellar which may, therefore, be used for storage of fruits, vegetables, etc. Without any difficulty you can install Findlay's Pipeless Furnace yourself without expert aid. The job is easily done in a day, so you can light the fire a few hours after the furnace is delivered at your door, and from that time on, every corner of your home will be warm, healthy and comfortable, no matter what the outside temperature. Will you let us send you the full facts about this economical heating system? The attached coupon, filled in as indicated, will bring you all particulars by return mail. Mail it today.

CATTLE THIEVES ACTIVE IN SOUTH PART OF PROVINCE

Concentrated effort by the Alberta Provincial police in all parts of Alberta is being made in order that the large number of cattle thieves may be brought to justice, declares Superintendent Bryan, of the A.P.P. force. "Advices have been received," he announces that arrests have been made in connection with the cattle rustling along the Canadian Montana boundary, particularly in the Milk River district. The police have also succeeded in regaining ninety head of cattle which were taken across the border and were hidden in a pocket in the East Butte range of hills.

Men arrested, says the superintendent, are believed to be from a clever gang of cattle thieves who have been working in the Milk River district since the early part of last winter, and are among those who have rustled cattle from the big ranches along the border.

The thieving work has been so cleverly done that it has been almost impossible to catch the offenders with the evidence necessary for an arrest, and great pains had been taken to destroy all marks of former ownership, by debarking the cattle, cutting of their ears and destroying former brands.

Mr. F. C. Carswell, attorney, of Red Deer, has located in town and will prosecute law. He will occupy the office vacated by Mr. Matheson—Rimboy Advance.

Far more effective than Sticky Fly Catchers. Clean to handle. Sold by Druggists and Grocers everywhere.

BIGGEST STEAMER IN THE WORLD TO START NEXT YEAR

The new 56,000 ton liner Majestic, the largest ship in the world, will be put into service on the New York, Southampton, Cherbourg run next spring, the International Mercantile Marine company announce. The Majestic, which was to have been called the Blomquist by her original German owners, is now being finished at Hamburg.

The giant craft, which is 2,000 tons larger than the Leviathan and 10,000 tons larger than the Olympic, will carry a crew of 1,100, and have passenger accommodations for 4,100 more. It is equipped with four oil-burning engines capable of developing 42,000 to 44,000 horse power. Her normal speed will be about 23 knots. The ship's agents estimate that the space occupied by the 1,245 staterooms, cabins and machinery equals that of about 800 average four room city apartments.

FARMER KILLED A HORSE THAT BROKE THROUGH HIS FENCE

Frederick McIntosh's pleader guilty before His Honor Judge Morrison to a charge of shooting a horse valued at \$125, the property of Wm. O'Connell, a neighbor, on July 21.

McIntosh is a farmer of the Vermilion district, and stated that the animal had got into his crops after damaging his fence, and that he shot it in a fit of anger. He had already arranged to make restitution to O'Connell for the value of the horse.

In his honor, in passing sentence, stated that there was considerable misapprehension as to the right of an owner of crops to shoot animals found doing damage to his fields, and that it will be necessary to impress it upon the public generally, that no man could take the law into his own hands in this fashion.

To say of those suffering in any way from rheumatism, that they had made restitution, and also that he had a crop to get in this fall, he decided not to impose a prison sentence, giving the accused a fine of \$100, with thirty days in which to pay it, or in default six months' imprisonment.

NERVOUS HEADACHES DIZZINESS COULD NOT SLEEP.

Mrs. M. Duggan, Young's Cove Road, N.B., writes: "I was bothered very much with my heart and nerves; had nervous headaches and dizziness could not sleep at nights, and my appetite was all gone. I was almost on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better."

To say of those suffering in any way from rheumatism, that they had made restitution, and also that he had a crop to get in this fall, he decided not to impose a prison sentence, giving the accused a fine of \$100, with thirty days in which to pay it, or in default six months' imprisonment.

TOWN TOPICS

E. A. Reynolds was a visitor to Tillam on Tuesday of this week.

Rev. Hindorf will speak at the Swedish Baptist church in the city on September 4th at 8 p.m.

H. L. Fligg and family returned from the Coast on Saturday, after spending the summer there with relatives and friends.

The Women's Auxiliary will meet in the Parish Hall on Wednesday, September 7, at four o'clock. A full attendance is requested.

Mrs. Phil Rickard and children, who have been visiting at Mr. John Arnold's, left for their home in Calgary this week.

Mrs. W. McCallum will be at home on Wednesday, September 7, from 4 to 6, and on the first Wednesday thereafter.

Miss Bertha Robertson was in the city last week visiting friends. She left Monday morning for Medicine Hat, where she joins the teaching staff and will be in charge of grade VIII.

Mr. and Mrs. P. Turnbull, of Red Deer spent the week-end in the city the guests of Mr. and Mrs. Wiseman. Mr. Turnbull is an armer in the Red Deer Advocate.

Mrs. D. A. Ward and son returned home last week from Ontario, where Mrs. Ward was called a few weeks ago on account of illness in the family.

The friends of Alfred James are glad to see him around again. He returned from the coast last week, where he underwent a serious operation for internal trouble.

Dr. Foster, chiropractor, has leased the house being vacated by the family of Harry James, and will move his family from Ponoka in a few days. Mr. James' family is going to Ponoka.

Robert L. Fackman, Teacher of Singing, will be at the Methodist church on Tuesday, September 6th, from 9 a.m. to 3 p.m. to meet prospective pupils.

Chas. Nelson, who returned from the coast after a couple of weeks ago, is re-opening his garage on Lorne St. W. and is equipping it with up-to-date machinery to enable him to give good service to his patrons.

Greenfield's Exchange of Edmonton has leased Fowler & Company's store and will open a branch of the business here in a few days. The interior of the store is being painted at present.

BAND CONCERT

ON LABOR DAY

A concert will be given on Monday afternoon next Labor Day, at three o'clock by the Wetaskiwin Citizens' Band from the platform next the post office.

All members of the band are requested to attend practice on Sunday evening at 8.30 in the room in the U. F. A. block.

GARAGE RE-OPENED

I have re-opened my Garage on Lorne Street West, and am better prepared than ever to do all kinds of Automobile and Tractor Repairs

I have just installed a Burning-in Stand for Bearings and can do the best work in the city in this line

Chas. Nelson

What About This Winter's HEAT

IT IS ONLY SUMMER BUT NOW IS THE TIME TO
SETTLE "HOW YOU INTEND HEATING"
WE BELIEVE THE REAL SOLUTION IS

A Pipeless Furnace

A PIPELESS FURNACE BECAUSE

It can be installed in any home at small expense
It is cleaner than with heaters.
You have full use of your basement.

WE RECOMMEND THE QUAKER PIPELESS FURNACE

A QUAKER BECAUSE

It is built for Service and Satisfaction.
It gives the Maximum Heat for Fuel Consumed.
It is absolutely Gas Tight.
With circle water pan the warm air has the necessary moisture to good health.
These are a few of the Quaker features. Let us show you the features of the Pipeless Furnace.
Now is the time to instal one.
Delay now means discomfort later.
